

## FETOga CLARITY 221

### Aluminium 2 Flute Cutter

- Especially designed for aluminium and aluminium alloys
- Increased feeds and speeds, reducing cycle times
- Improved surface finish

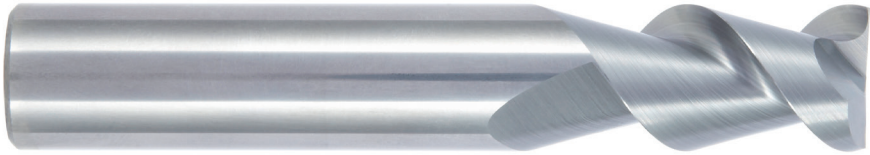

### Enhanced Tool Geometry

- Centre cutting
- Manufactured with wide gullets and unique geometries for maximum swarf evacuation
- 55° Helix for reduced harmonics

### Increased Production

- High performance cutting
- Excellent surface finish
- Suitable for slotting, side finishing, plunging, ramping and profiling

## 221

Kildare Tooling's Fetoga high performance solid carbide, 2 flute end mill Clarity 221 is especially designed for aluminium and aluminium alloys.

It's uniquely designed flute geometry and high helix angle results in improved surface finishes at higher feed rates.

The Fetoga Clarity 221 is available in sizes 3mm - 20mm.
